Tradespeople are not to wander around in areas other than the specific area or Unit they are assigned to. Tradespeople are not to tamper with or hang extension cords from any of the sprinkler heads. Tradespeople must take proper steps to protect the air conditioning systems as designed. Care should be taken to protect the supplies, returns and air handling systems.

All exterior doors must be closed while the air conditioning system is in use, and the thermostats should not be tampered with. Improper use may cause a Unit to freeze up and ultimately discharge excess water into a finished residence.

Tradespeople must bag smoke detectors before painting or performing work that will raise sand or dust, because paint fumes, dust and sand can set off the building's fire alarm system. After the work is finished, the bags must be removed from the smoke detectors by the contractor. A fire alarm caused by failure by the trade to comply with this rule will cost the trade \$500.00 per call.

All trash and debris shall be hauled off by the workers on a daily basis unless a dumpster is specifically designated for their use.

TRADESPEOPLE SHALL NOT CORE DRILL OR CUT INTO ANY FLOOR SLABS, WALL OR CEILING OF A UNIT WITHOUT FIRST OBTAINING THE PRIOR WRITTEN APPROVAL OF THE BOARD OF DIRECTORS WITH REGARD TO THE SPECIFIC PERMITTED LOCATIONS AND PROCEDURE FOR DRILLING. IMPROPER DRILLING MAY DAMAGE THE STRUCTURAL SUPPORT OF THE CONDOMINIUM BUILDING.

ANY DAMAGE CAUSED BY TRADESPEOPLE TO THE COMMON ELEMENTS OR STRUCTURAL SUPPORT OF THE CONDOMINIUM BUILDING WILL BE PAID FOR BY THAT CONTRACTOR AND/OR THE UNIT OWNER, WHO WILL SHALL BE JOINTLY AND SEVERALLY LIABLE.

37. **CURTAINS.** Curtains, drapes, and other window coverings (including their linings) which face on exterior windows or glass doors of Units shall be white or off-white in color, unless otherwise specifically approved in writing by the Board of Directors. No aluminum foil may be placed in any window or glass door of any Unit and no reflective substance may be placed on any glass in a Unit except a substance previously approved in writing by the Board of Directors for energy conservation purposes.

38. **GUESTS.** Guests of Unit Owners and Lessees shall comply with these rules and regulations and the rules and regulations set forth in the Declaration of Condominium at all times.

39. **EXTENDED ABSENCE.** The water servicing a Unit must be shut-off if the Unit is to be vacant for more than thirty (30) consecutive days. Additionally, the Unit Owner will remove all items from the Terrace.

40. **SIGNS.** With the exception of signs used or approved by the Developer, no signs, advertisements, notices or lettering may be exhibited, displayed, inscribed, painted or affixed in, or upon any part of the Common Elements, Limited Common Elements, or any part of a Unit so as to be visible outside the Unit.

41. **ENFORCEMENT.** Every Unit Owner, tenant and occupant, and their guests, family members, employees, agents, licensees, and invitees, shall comply with these Rules and Regulations, and the provisions of the Declaration, the Articles of Incorporation and the Bylaws of the Association (all as amended from time to time). Failure to comply shall be grounds for legal action which may include, without limitation, an action to recover sums due for damages, an action for injunctive relief, and any combination of such action.

In addition to all other remedies, in the sole discretion of the Board of Directors of the Association, a fine or fines may be imposed upon an Owner for failure of an Owner, his or her tenant, family, guests, invitees, Lessees or employees, to comply with any covenant, restriction, rule or regulation herein or in the Declaration, or Articles of Incorporation or By-Laws provided the following procedures are adhered to:

- a. The Association shall notify the Unit Owner or Occupant of the reported or alleged infraction or infractions. Each day an infraction or violation occurs after the applicable party has received notice thereof shall be deemed to be a new infraction or violation. Included in the notice shall be a date and time of a Board of Directors meeting at which the Owner or occupant may present reasons why a fine should not be imposed. The Owner or occupant may be represented by counsel and may cross-examine witnesses.

- b. The non-compliance shall be presented to the Board of Directors and a Committee of unit Owners formed for that purpose after which the Board of Directors and the Committee shall hear arguments concerning the alleged violation and the levy of a fine or fines. A written decision of the Board of Directors and the Committee shall be submitted to the Owner or occupant by no later than twenty-one (21) days after the Board of Directors' meeting. If the Committee does not agree with the fine, the fine may not be levied.
- c. The Board of directors may impose a fine against the Unit Owner in such amount as may be permitted by law.
- d. Fines shall be paid not later than thirty (30) days after notice of the imposition.
- e. There fines shall not be construed to be exclusive and shall exist in addition to all other rights and remedies to which the Association may be otherwise legally entitled.

42. **DEVELOPER EXCLUSION.** Except as otherwise required by law, these Rules and Regulations shall not apply to the Developer, to the Developer's agents, employees or contractors, or to Units owned by Developer until conveyed. They shall apply, however, to all other Owners and occupants of Units. The Board of Directors may (but need not) grant relief to one or more Unit Owners from specific Rules and Regulations upon written request for such relief and good cause shown (as determined by the Board in its sole opinion).

These Rules and Regulations were adopted by vote of the Board of Directors of 332 Coconut Condominium Association, Inc. on this ___ Day of _____, 20__.
